Call today to enroll and receive new patient marketing tools.

This material is intended for providers only and is not intended to be shared with consumers. *Interest-free financing options are only available in practices registered to offer interest-free products. **Rates for our program range from 1.99% - 23.99% APR. Upon approval, the Annual Percentage Rate available to the applicant will be determined by the term for which they apply and their credit standing. These rates are available for a limited time only and are not available in all areas.
