### Friendlier Terms

Springstone's friendlier terms keep patients smiling. Unlike some lenders, retroactive interest is not assessed on Springstone's no-interest plans unless a patient misses two consecutive monthly payments (or, as with other lenders, does not pay the balance in full by the end of the "no-interest period").

### Easy Customer Care

We treat your patients and your team like you would. No multi-level phone trees or runaround. Plus added touches like live underwriting for extended plans and personal calls to thank patients for choosing Springstone and your practice.
